

OUTLINE

3B

Alana/Julian
16/11/20

The Tools of Discovery: Having our Head Examined

- Recording the Brain's Electrical Activity (p.66)
- Neuroimaging Techniques (p.68)

The Tools of Discovery

- Recording the Brain's Electrical Activity (p.67)
- Neuroimaging Techniques (p.68)

Older brain structure

- The Brain stem (p.69)
- The Thalamus (p.70)
- The Cerebellum (p.70)
- The Limbic System (p.71)
- The Amygdala (p.71)
- The Hypothalamus (p.72)

The Cerebral Cortex

- Structure of the Cortex (p.74)
- Functions of the Cortex (p.74)
- Motor Functions (p.75)
- Neural Prosthetics (p.76)
- Sensory Functions (p.77)
- Association Areas (p.78)
- Language (p.80)
- The Brain's Plasticity (p.82)

Our Divided Brain

- Splitting the Brain (p.83)

Right-Left Differences in the Intact Brain

- Close-up: Brain Organization and Hardness (p.88)

The Brain and Consciousness

- Cognitive Neuroscience (p.89)
- Dual Processing (p.90)

- **The Two-Track Mind (p.90)**
